

Mid American Pompon VIRTUAL CHAMPIONSHIPS

For this Virtual Championship, you will submit your video of your routine, then MAPP judges will score them. The competition will be live streamed, at a later date, with an awards ceremony to follow.

HERE'S HOW IT WORKS

Once you have registered for the Virtual Championship, you will receive information on how to enter your team's routine into the competition. Video taping guidelines are available on our website, www.pompon.com under the Competitions tab.

You will upload your video to a private Dropbox folder provided to you by MAPP. The link will have an expiration date. Submit your teams performance video anytime March 8th or March 9th.
